LONG-TERM CARE PLANNING MONTH

October is recognized as **National Long-Term Care Planning Month**, a time dedicated to highlighting the importance of preparing for future healthcare needs. While it may not always be easy to think about, taking steps today can make a world of difference tomorrow.

Seniors and their families are encouraged to start conversations early and make thoughtful, informed decisions about long-term healthcare options. Planning ahead not only reduces stress during unexpected situations but also ensures that personal preferences

are respected and financial security is better maintained. Whether it is discussing care options, setting up advanced directives, or exploring financial planning resources, this month is a reminder that preparation brings peace of mind. By addressing these important decisions now, seniors and their loved ones can look forward to a more comfortable and secure future.

National Long-Term Care Planning Month serves as a gentle reminder that thoughtful planning today can help ensure comfort, confidence, and peace of mind for tomorrow.

NATIONAL HEALTHCARE FOOD SERVICE WEEK

During Oct. 5-11, please help ensure that healthcare food service workers know how much we appreciate them not just this week, but all year long. Celebrate your food service workers and recognize the integral role they play in helping us stay well-nourished and healthy.

TRAIN YOUR BRAIN DAY ON OCTOBER 13

We always hear about the health benefits of adding physical exercise into our daily routine, but what about fitness for our brain? Keep your mind sharp by challenging yourself with brainteasers, trying new activities, and trivia. Here are some suggestions how you can start exercising your brain today!

- Solve word or number puzzles like crosswords or Sudoku
- Practice mindfulness or meditation
- Read books or articles regularly
- Play strategy games like chess, rummy or cribbage
- Learn a new hobby or skill, such as knitting or painting
- Engage in social interactions and group activities
- Listen to music
- Stay physically active with activities like walking, tai-chi, or stretching
- Volunteer or participate in community service
- Practice journaling or creative writing
- Explore brain-training apps or games
- Prioritize quality and restful sleep
- Maintain a healthy diet rich in brain-boosting nutrients*

Complete this sudoku puzzle by filling in the 9x9 grid so that each row, column, and 3x3 subgrid contains the digits 1 through 9 without repeating any numbers within the same row, column, or subgrid.

Spooktacular Arts & Crafts

HANDPRINT SPIDERS:

Apply black paint to your palm and four fingers leaving out the thumb. Place palm onto a piece of paper. Turn the paper 180° and print again making sure the palm overlaps. Add some googly eyes using either paint or stickers.

PAINT A PUMPKIN:

Pumpkin carving can be messy, difficult, and sometimes dangerous. Instead, use some permanent markers or acrylic paint to make your pumpkin look like a monster, clown, or other Halloween character. The smaller "pie pumpkins" or even the mini-pumpkins will work perfectly for this craft.

Don't have any pumpkins?

Grab some paper plates to use as your pumpkin and paint them orange, yellow, or green. Once the plates are dry, cut out shapes from additional plates or colored paper and glue them on for the eyes, nose, and mouth to create scary, happy, or wacky faces. Don't forget to add a green stem to complete your pumpkin!
